Limit on Admin	\$0.00	\$26,927.22
Most Impacted and Distressed Threshold (Projected)	\$0.00	\$0.00

## Overall Progress Narrative:

The City of Warwick continues to move forward with the the Buckeye Brook/Warwick Pnd restoration project - designed to reduce the flooding of private property and City infrastructure adjacent to Buckeye Brook/Warwick Pond. As of the date of this QPR, the Office is finalizing the bid documents so as to secure the services of a contracotr to perform the remediation work - spraying of Phragmites and the removal of the Phragmites root system from the Buckeye Brook stream bed. the Office has scheduled the RFP to be advertised on APril 27, 2020 with a scheduled award by the City Council on or before June 22, 2020. The Office is trying to dealin with not only the small window of opportunity to perform the in-water work but alos with the restrictions and issues due to the COVID-19 Pandemic and the declaration of a RI State of Emergency and City of Warwick State of Emergency. It is the goal of the Office to complete the work and expend all remaining funds by January 2021. This date will be conginging on the continuing impacts of the COVID-19 Pandemic.

<b>Match Contributed</b>	\$0.00	\$1,171,353.00

**Activity Description:**

Funds will be used to make repair and or improvements to public facilities and infrastructure damaged in the March 2010 floods. Funds will be used to flood harden 3 Warwick Sewer Authority pumping stations that were heavily damaged due to flooding. The pumping stations, located in and serving predominately low/mod income neighborhoods, will be hardened to minimize the impact of future storm damage due to flooding. The RFP for flood hardening of the pumping stations is currently out for bid and it is expected that the work will begin immediately upon award of contract. Flood hardening work on the Warwick Sewer Authority pumping stations has been completed as of September 2019. In addition, funds will also be used to restore the natural flow of Buckeye Brook in the area of Lakeshore Drive and Warwick Pond. Vegetation has overgrown and clogged the natural drainage of Warwick Pond and the flow of Buckeye Brook causing persistent flooding of Lakeshore Drive. The RFP for environmental services is currently being prepared and will be awarded in the Spring with work commencing shortly thereafter.

**Location Description:**

City-wide
